2. The City Council reserves the right to reject any and all bids.
3. Local and Small Local Business Enterprise Program (L/SLBE) 50% L/SLBE
 - a) *Requirement* – For Professional Services, **50% Local and Small Local Business Enterprise Program (L/SLBE)**: there is a 50% minimum participation requirement for all professional services contracts over \$50,000. Consultant status as an Oakland certified local or small local firm and subcontractor/sub consultant status as an Oakland certified local or small local firm are taken into account in the calculation. The requirement may be satisfied by a certified prime consultant and/or sub-consultant(s). A business must be certified by the City of Oakland in order to earn credit toward meeting the fifty percent requirement. The City has waived small local business enterprise (SLBE) subcontracting requirements for Oakland certified local businesses that apply for professional services contracts as the prime consultant with the City. The SLBE requirements still applies for non-certified LBEs and non-local business enterprises.
 - b) *Preference Points* – Preference points are earned based on the level of participation proposed prior to the award of a contract. Upon satisfying the minimum fifty percent requirement, a consultant will earn two (2) preference points. Three additional preference points may be earned at a rate of one point for every additional ten percent participation up to eighty percent participation of the total contract dollars spent with local Oakland certified firms.
 - c) A firm may earn up to five (5) preference points for local Oakland business participation and additional preference points for being a long term certified business in Oakland regardless of size and for having an Oakland workforce.
 - d) In those instances where Very Small Local Business Enterprise (VSLBE) participation is evident, the level of participation will be double-counted towards meeting the requirement.
 - e) Additional Preference Points for Request for Proposals (RFP) and Request for Qualifications (RFQ) may be earned for having an Oakland resident workforce. **Prime consultants seeking additional preference points for having an Oakland resident workforce must submit a completed Schedule E-2 titled the “Oakland Workforce Verification Form” no more than 4 days after the proposal due date. A copy of Schedule E-2 is found on: <http://www2.oaklandnet.com/Government/o/CityAdministration/d/CP/s/FormsSchedules/index.htm>.**
 - f) Earning extra preference points for having an existing work force that includes Oakland residents is considered added value. The Request for Proposal “evaluation” process allows for additional preference points over and above the number of points earned for technical expertise. Typically 100 points may be

APPENDIX E: COMPLIANCE WITH CITY COUNCIL POLICIES

earned for the technical elements of the RFP. Preference points are awarded over and above the potential 100 points.

- g) The Exit Report and Affidavit (ERA) – This report declares the level of participation achieved and will be used to calculate banked credits. The prime consultant must complete the Schedule F, Exit Report and Affidavit for, and have it executed by, each L/SLBE sub consultant and submitted to the Office of the City Administrator, Contracts and Compliance Unit, along with a copy of the final progress payment application.
- h) Joint Venture and Mentor Protégé Agreements. If a prime contractor or prime consultant is able to develop a Joint Venture or “Mentor-Protégé” relationship with a certified LBE or SLBE, the mentor or Joint Venture partners will enjoy the benefit of credits against the participation requirement. In order to earn credit for Joint Venture or Mentor-Protégé relationships, the Agreement must be submitted for approval to the Office of the City Administrator, Contracts and Compliance Unit, prior to the project bid date for construction, and by proposal due date for professional services contracts. Joint Venture Applications and elements of City approved Mentor Protégé relation are available upon request.
- i) Contractor shall submit information concerning the ownership and workforce composition of Contractor's firm as well as its subcontractors and suppliers, by completing Schedule D, Ownership, Ethnicity, and Gender Questionnaire, and Schedule E, Project Consultant Team, attached and incorporated herein and made a part of this Agreement.
- j) All affirmative action efforts of Contractor are subject to tracking by the City. This information or data shall be used for statistical purposes only. All contractors are required to provide data regarding the make-up of their subcontractors and agents who will perform City contracts, including the race and gender of each employee and/or contractor and his or her job title or function and the methodology used by Contractor to hire and/or contract with the individual or entity in question.
- k) In the recruitment of subcontractors, the City of Oakland requires all contractors to undertake nondiscriminatory and equal outreach efforts, which include outreach to minorities and women-owned businesses as well as other segments of Oakland's business community. The City Administrator will track the City's MBE/WBE utilization to ensure the absence of unlawful discrimination on the basis of age, marital status, religion, gender, sexual preference, race, creed, color, national origin, Acquired-Immune Deficiency Syndrome (AIDS), AIDS - related complex (ARC) or disability.

A residence may qualify as a fixed office provided the following conditions are met: (a) the business conducted in the residence complies with Oakland Zoning Regulations relating to Home Occupations; and (b) the residence is the primary business location of the business and contributes not less than 51% of the gross receipts of business. d) Certification Eligibility Standards

Ownership and Control for Small Local Business Enterprise. The following standards shall be used by the City to determine if a firm is owned and controlled by one or more owners or businesses and eligible for certification as a Small Local Business Enterprise:

APPENDIX E: COMPLIANCE WITH CITY COUNCIL POLICIES

An eligible small local business shall be an independent business. The ownership and control of the SLBE shall be real, substantial and continuing and shall go beyond the pro forma ownership of the firm as reflected in its ownership documents. The small local business owner shall enjoy the customary incidents of ownership and shall share in the risks and profits commensurate with their ownership interests, as demonstrated by an examination of the substance rather than form of arrangements. Recognition of the business as a separate entity for tax, corporate or local status purposes is not necessarily sufficient for recognition as an SLBE. In determining whether a potential SLBE is an independent business, the City shall consider all relevant factors, including the date the business started, the adequacy of its resources for the work of the contract, and the degree to which financial, equipment leasing and other relationships with non-local firms.

The owner(s) of the small local business must also possess the power to direct or cause the direction of the management and policies of the firm. Also, the owner shall make the day-to-day, as well as major decisions on matters of management, policy and operations. The firm shall not be subject to any formal or informal restrictions, which limit the customary discretion of the owners. There shall be no restrictions that would prevent the local business owners, without the cooperation or vote of any non-local owners, from making a business decision of the firm. (i.e. bylaws provisions, partnership agreements or charter requirements for cumulative voting rights)

Where the actual management of the firm is contracted out to individuals other than the owners, those persons who have the ultimate power to hire and fire the managers are, for the purposes of this part, considered controlling the business. The contribution of capital or expertise by the local owner(s) to acquire their interests in the firm shall be real and substantial. Newly formed firms and firms whose ownership and/or control have changed since the date of the advertisement of the contract are closely scrutinized to determine the reasons for the timing of the formation of or change in the firm.

A previous and/or continuing employer-employee relationship between or among present owners are carefully reviewed to ensure that the employee-owner has management responsibilities and capabilities. Any relationship between a SLBE and non- SLBE, which has an interest in the SLBE, is carefully reviewed to determine if the interest of the non-SLBE conflicts with the ownership and control requirements.

SLBEs will be considered bona fide if the ownership interests are real and continuing, and not created solely to meet the City goals for SLBEs participation. The SLBEs included in the contract must perform commercially useful services and/or supplies and not merely act as a passive conduit. In the event the City has reason to question the ownership of SLBEs, the burden of proof is on the claimant and/or contractor to provide documentation to substantiate the SLBE business enterprise status.

APPENDIX E: COMPLIANCE WITH CITY COUNCIL POLICIES

e) Certification Process:

Step 1 – The Application:

Applicants may apply for certification on-line or request a hard copy from Contracts and Compliance. For the on-line process, down-load the application from the website maintained by Contracts and Compliance through the City's website. Go to <http://www.oaklandnet.com>. Select Contracting Opportunities under the "Jobs and Contracts" link. Then click on "Certification" and select the form and appropriate supporting document. Requests for certification applications can be made by phone, facsimile, electronic mail, in writing or in person. When submitting the application, remember to attach a copy of the most recent Business Tax Certificate and have the application notarized. If you are applying as a small business, remember to attach the last three most recent business tax returns. These are essential in determining if your business meets the small business size standard.

Step 2 – The Review Process:

100 percent site visits and desk audits are conducted for all first time certification applications. Re-certifications may be subject to site visits based on factors such as change in address, ownership and/or size.

The site visits will be scheduled within 10 working days of receipt of all required documentation. Pending no further questions or changes in status or conditions, a determination will be rendered within 10 working days of the site visits.

All applicants are asked to participate fully with the certification process. Failure or refusal to furnish requested information or to participate in the process will void the application. During the process of certification, the City may review any documentation or information necessary to determine eligibility.

To ensure timely processing of certification applications, it is strongly suggested that all applicants submit an application for certification and re-certification a minimum of four (4) weeks prior to a bid opening or proposal submittal due date.

Please remember that all certified firms must have a valid certificate and/or a signed certification letter in order to receive credit for participation. Certifications must be current and valid prior to the submittal due date in order for the local participation to count toward meeting the 50% businesses participation requirement.

Certification status is confirmed during the compliance evaluation process and businesses will only earn credit for business participation if there is a valid certification in place. If a certification has lapsed, a business will not earn credit for local Oakland business participation.

APPENDIX E: COMPLIANCE WITH CITY COUNCIL POLICIES

Certifications with another agency do not constitute certification with the City of Oakland. The City enjoys a collaborative relationship with other agencies and as such may be able to reduce paper work, but the City reserves the right to approve LBE/SLBE status from other government or City agencies and request additional documentation.

Firms or individuals who knowingly submit false information concerning their certification status are subject to actions for fraud under the State and Federal False Claims Act and will be debarred from bidding on future City work for a period of three (3) years.

Re-Certification: A City of Oakland certification is valid for a period of two years, unless otherwise specified. At the end of the certification period the business must apply for re-certification. Notwithstanding the above, the City may require re-submittal of current documentation and information in the event a LBE/SLBE certification is challenged.

To ensure timely processing of re-certifications, even if a site visit may not be necessary, it is strongly suggested that you re-apply a minimum of four (4) weeks prior to a bid opening or proposal submittal due date.

6. Minimum Wage Ordinance (MEASURE FF)

Pursuant to the Oakland Municipal Code Chapter 5.92, the New Minimum Wage Law became effective March 2, 2015.

APPENDIX E: COMPLIANCE WITH CITY COUNCIL POLICIES

Oakland employers are subject to the federal, state and Oakland minimum wage laws. When there are conflicting requirements in the laws, the employer must follow the stricter standard. In the case of minimum wage, Oakland employers must pay employees the rate that is most beneficial to the employee. Thus, since Oakland's current law requires a higher minimum wage rate than does the state and federal law, all employers that have employees who perform work in Oakland who are subject to the laws must pay at least the City's minimum wage rate.

The Measure: (1) establishes a \$12.25 per hour minimum wage (2) requires paid sick leave and (3) requires payment of service charges to hospitality workers. For further information, please go to the following website: <http://www2.oaklandnet.com/Government/o/CityAdministration/d/MinimumWage/OAK051451>

The following contractors are subject to the Equal Benefits Ordinance: Entities which enter into a "contract" with the City for an amount of twenty-five thousand dollars (\$25,000.00) or more for public works or improvements to be performed, or for goods or services to be purchased or grants to be provided at the expense of the City or to be paid out of moneys deposited in the treasury or out of trust moneys under the control of or collected by the city; and Entities which enter into a "property contract" pursuant to Section 2.32.020(D) with the City in an amount of twenty-five thousand dollars (\$25,000.00) or more for the exclusive use of or occupancy (1) of real property owned or controlled by the city or (2) of real property owned by others for the city's use or occupancy, for a term exceeding twenty-nine (29) days in any calendar year.

The Ordinance shall only apply to those portions of a Contractor's operations that occur (1) within the City; (2) on real property outside the City if the property is owned by the City or if the City has a right to occupy the property, and if the contract's presence at that location is connected to a contract with the City; and (3) elsewhere in the United States where work related to a City contract is being performed. The requirements of this chapter shall not apply to subcontracts or sub-contractors.
